4 Hr. Candlestick Chart

Comment: As we mentioned yesterday the price continues the retracement to the Resistance area and then began to go down. A clear penetration into the cloud will be a good signal to entry short in a lower timeframes.

1 Hr. Candlestick Chart

Comment: Same that the 4 hr. chart, we must to expect that the price come back inside the Cloud. Now the Chinkou it's under the price and the Ts Ks cross will occur in a couple of hours. In these case, move to lower timeframes trying to found a better entry point.

Trends	
Major Trend (W)	Weak Bearish
Median Trend (D)	Neutral
Minor Trend (4Hr)	Neutral

Conclusion: After a confirmation of the down movement (price inside the Kumo in hourly chart and 4 hr. chart) will be a good strategy move to lower timeframes looking a good entry point for a Short Position.
