

Hi CashBox

Google is an incredible search tool.

Your reply is interesting, albeit without any evidence, just statements, no links to peer reviews as defined below or recognised medical sites.

A [peer review is defined here](#) - it is not hearsay or just one or several persons opinion, it is a recognised established fact and has been agreed upon by equally qualified people.

In your other post you state "40 Freedom of Information Responses"... without any links to those purported, freedom of information responses - why, do they really exist, if so really would like to read them on the established source, please provide if you can, if you can't then why quote ?

FYI, a [postulate](#) is a statement that is assumed true without proof. A theorem is a true statement that can be proven.

"It is a frankenstien virus which has been concocted and stitched together using genomic database sequences, some viral, some not. It has never been properly purified and isolated so it can be sequenced from end to end once derived from living tissue."

The statement actually has been made by someone who calls themselves "Metal Brain", on a chess thread: <https://www.dailychess.com/forum/science/has-sars-cov-2-been-isolated.188627>

As far as the comment:

The CDC stated there is no quantified isolate available.

Correct and that is because they did not test using those criteria as stated below in the letter copied from your Dr's website

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Public Health Service

Centers for Disease Control  
and Prevention (CDC)  
Atlanta GA 30333

June 7, 2021

Ms. Christine Massey  
21 Keystone Avenue,  
Toronto, M4C 1G9  
Via email: cmssyc@gmail.com

Dear Ms. Massey:

This letter is in response to your Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR) Freedom of Information Act (FOIA) request of April 16, 2021, for:

*[A]ll studies and/or reports in the possession, custody or control of the Centers for Disease Control and Prevention (CDC) and/or the Agency for Toxic Substances and Disease Registry (ATSDR) describing the purification of any "COVID-19 virus" (including "B.1.1.7", "B.1.351", "P.1" and any other "variant") (via maceration, filtration and use of an ultracentrifuge; also referred to at times by some people as "isolation"), directly from a sample taken from a diseased human, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum). Please note that I am not requesting studies/reports where researchers failed to purify the suspected "virus" and instead: • cultured an unpurified sample or other unpurified substance, and/or • performed an amplification test (i.e. a PCR test) on all the RNA from a patient sample or from a cell culture, or on genetic material from any unpurified substance, and/or • sequenced the total RNA from a patient sample or from a cell culture or from any unpurified substance, and/or • produced electron microscopy images of unpurified things.*

A search of our records failed to reveal any documents pertaining to your request. Specifically, the National Center for Immunization and Respiratory Diseases apprises that CDC does not purify or isolate any COVID-19 virus in the manner the requester describes.

You may contact our FOIA Public Liaison at 770-488-6277 for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at [ogis@nara.gov](mailto:ogis@nara.gov); telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

If you are not satisfied with the response to this request, you may administratively appeal by writing to the Deputy Agency Chief FOIA Officer, Office of the Assistant Secretary for Public Affairs, U.S. Department of Health and Human Services, Hubert H. Humphrey Building, 200 Independence Avenue, Suite 729H, Washington, D.C. 20201. You may also transmit your appeal via email to [FOIARequest@psc.hhs.gov](mailto:FOIARequest@psc.hhs.gov). Please mark both your appeal letter and envelope "FOIA Appeal."

If what you say is in fact true, and Covid 19 is all orchestrated, then what is the purpose?  
To instill fear? If so why?

To control people and have them do what the controllers want? Why?

If it is all driven by the "rich and powerful" then how do they gain, they became rich and powerful by whatever means and it all needed people working for them producing profitable results, businesses open, people earning and spending money, paying taxes and driving the economy.

None of that is not happening while the world fights Covid.

If someone says they have the [Covid antibodies](#), which are not the results provided in a normal standardised blood test, it is a specialised test, then they have either been vaccinated or have had Covid, there is no other way that the body will produce those particular antibodies without either of those, e.g. Trump has the antibodies because he has had multiple vaccinations.

Happy to continue this conversation on private message, not on Aussie's thread which is supposed to be about trading.
