#### Re: General Information how to use to card

Please note, provided you are eligible to withdraw your funds via bank wire transfer you may also withdraw your funds to your FxPro Visa Card. This means that if you have ever funded your account by using the Credit card route or by PayPal you will first need to withdraw that full funded amount by those methods and then you would be eligible to withdraw any remaining funds to your FxPro Visa Card.

#### Three ways to load your card:

1. You may send a Swift Transfer to the card via internet banking using the details outlined below:

**BENEFICIARY BANK NAME:** HELLENIC BANK PUBLIC COMPANY LTD.

**BENEFICIARY BANK ADDRESS:** P.O.BOX 51791

**BIC/SWIFT:** HEBACY2N

the **Account Number** or **IBAN** is required please enter:

"to fund P card 4173-2530-XXXX-XXXX" (16 DIGIT CARD NUMBER)

2. "Loading" the FxPro Visa Card or loading your account with your FxPro Visa Card can be done directly from your FxPro Trading Account by entering "My FxPro" from [www.fxpro.com](http://www.fxpro.com) and submitting a withdrawal or deposit request using the new cards details. Note that you can only withdrawal this way if you have been depositing this way!
